Bill Number: 250769

City law allows the ZBA to have seven board members. This bill would increase the annual compensation cap each member may receive by \$5,000 each, a total of \$35,000 per year. This bill would not change the per session compensation that each member receives, which is currently \$100.

The cost range presented in the previous table reflects the potential costs of implementing this legislation. The lower range of \$4,900 per year represents the estimated cost with the current ZBA calendar and potential added ad hoc sessions. The upper range of \$35,000 per year represents the total possible maximum cost of this legislation.

Legislative History

1988

Bill 132 - Enacted

Bill number 132 was introduced by former Councilmember Blackwell and signed into law on July 7, 1988. This legislation updated the compensation for members of Boards, Commissions, Committees, and Councils, including the maximum annual total compensation amount for members of the ZBA. The legislation updated the maximum total compensation amount from \$15,000 to \$22,000 per year for each ZBA member.

During the Finance Committee's public hearing held on June 20, 1988, Mr. Conrad Wiler, Vice Chair of the ZBA, testified that the ZBA was hearing 2,100 cases per year, a 24 percent increase from five years prior. The testimony urged the necessity to increase the cap from \$15,000 to \$22,000 because ZBA members were routinely running out of their paid meetings about a month ahead of the end of the fiscal year.
